## ROOSEVELT APPROVES AURORA DAM

### Aurora Dam Third on List, TVA Tells Congressional Delegation

READY TO BUILD IT IMMEDIATELY

WHEN FUNDS ARE MADE AVAILABLE

Still Opposing Private  
Construction of  
Project.

WASHINGTON, Jan. 29.—Dr. Arthur E. Morgan, chairman of the Tennessee Valley Authority, told a Congressional delegation today that the TVA favors construction of Aurora Dam on the Tennessee river at the Tennessee-Kentucky border, but that other projected developments were of greater immediate value.

Dr. Morgan explained TVA's refusal to approve private construction of the dam was based on the fact that its value as a hydro-electric power dam site depended largely on other dams being constructed upstream by the Authority.

He declared the Aurora project ranked about third in order of importance, the first two being a storage dam in the Tennessee-North Carolina border area on one of the large tributaries of the Tennessee river, and Pickwick dam, between Aurora and Muscle Shoals.

10,000 Kilowatts in Power  
The primary power available at the Aurora site without the upstream developments would be approximately 10,000 kilowatts, Dr. Morgan said, whereas construction of Cove Creek dam, already under way, would raise this to about 65,000 kilowatts, and construction of an additional storage dam would increase it to approximately 100,000 kilowatts.

In other words, he said, "the government would be contributing about 50 per cent of the value of Aurora Dam, and we believe it would be better to retain title to the project rather than surrender it in any way to private interests."

In response to questions from Senator Barkley (D., Ky.), and others, Dr. Morgan said the TVA was more than willing to go ahead with construction of Aurora and Pickwick Dams and the storage dam simultaneously if the necessary appropriations were made.

Cost Put at \$30 Millions  
The TVA estimated the cost of Aurora Dam at about \$30,000,000, he said, with a similar amount for Pickwick Dam.

Spokesmen for the Congressional group said there would be a market available for all electric energy produced at the Aurora dam as soon as production started.

They asked that the project be considered as a re-employment project as well as a power development.

Dr. Morgan told the group he would take up with President Roosevelt at a conference tomorrow the advisability of constructing Aurora and Pickwick Dams now.

He added that the Aurora Dam was a necessary part of the valley program, and was included in the ultimate plan.

Barkley Pledges Help  
Senator Barkley pledged the support of the Congressional group to the TVA in obtaining funds for the construction.

Members of the Congressional group, all Democrats, were Senators Barkley and Logan of Kentucky; Senators McKellar and Buchanan of Tennessee; Representatives Browning, Cooper, Byrns, Turner and McKeeney of Tennessee; Gregory and Cary of Kentucky; and Parsons of Ohio.

J. D. Outland, Key  
on J. P. Oil Board  
J. D. Outland and Wallace Key were elected to the board of directors of the Jackson Purchase Oil Company at a meeting of stockholders Tuesday afternoon. They succeed the late J. A. Dunlavy and the late Dr. Ben B. Keys.

The four remaining members of the board were re-elected. They are R. H. Falwell, E. C. Jones, Oda McDaniell and T. O. Baucum. M. O. Wraether, T. R. Jones and Joe T. Lovett were appointed to draw up resolutions on the loss of Doctor Keys.

Breathitt Assails  
American Tobacco Co.

Frankfort, Ky., Jan. 29.—A charge that "the American Tobacco Company is the most vicious organization ever created under law in America" was made today on the floor of the Senate by Senator James Breathitt, Jr., Hopkinsville, during discussion of the resolution of Senator John T. Murphy, Covington, to have a Senate committee investigate large tobacco buyers operating on Kentucky markets.

MURRAY MARKET  
IS STILL IN LEAD

Average Here 84c Higher Than  
Previous Week; Mayfield,  
Paducah, Lower.

Smith's weekly report, released in Mayfield last Saturday, shows the Murray market continuing to lead the Western district in general average of leaf prices. The Murray market further increased its lead last week raising 84c in average while Mayfield was 80 cents lower and Paducah four cents lower than the previous week.

The season average here for all tobacco sold over the loose leaf market is \$5.87 at Murray; \$5.71 at Mayfield, and \$5.28 at Paducah. All three markets are considerably above the same time last year. Up to the end of last week Murray had sold 691,339 pounds, Mayfield, 1,452,456 pounds and Paducah, 418,420 pounds.

Country buying is still going on and many of the better types of tobacco are being sold privately at the farms for fairly good prices. Shuff tobacco is said to be going well in Calloway county. All averages included in these figures would be considerably higher if private sales were included.

The Smith report says:  
"On account of the activity in private trading at farmers' barns for the better tobacco, deliveries for auction sales were almost entirely of the common to medium and non-descript grades, of which a large per cent contained excessive moisture."

JUDGE JONES TO  
LEAD DEMOCRATS

Committeemen Name Him Chairman  
Wednesday; Draw Resolutions  
on Dr. Keys.

Judge T. R. Jones, former county judge and outstanding Democratic leader in the county, was named chairman of the Democratic party in Calloway at a meeting of the precinct captains called last night by Judge Jones, formerly secretary. Judge Jones succeeds the late Dr. B. B. Keys, who held the position for about 13 years.

Sixteen of the 22 precinct representatives were present for the meeting naming Judge Jones unanimously. Luther Robertson was also named without opposition to succeed Mr. Jones as secretary.

Members of the party also drew resolutions in regard to the death of their former leader, the late Dr. Keys.

Dr. A. Y. Covington  
to Locate in City

Dr. Aubrey Covington, son of Mr. and Mrs. Aubrey Covington of Paducah, will locate in Murray shortly. Young Dr. Covington is a nephew of the late Dr. B. D. Covington and comes from a family of doctors. Both his grandfathers were doctors as were three great-uncles and his only uncle.

Dr. Covington did his pre-medical work at Vanderbilt University and graduated in medicine at the University of Louisville. He served his internship in the Good Samaritan Hospital, Lexington, Ky., and for the past two and a half years has been successfully engaged in public health work with the Kentucky State Board of Health.

Coming from a native Calloway family and with many friends and admirers of this family in this county, young Dr. Covington will be warmly welcomed to Murray.

He will occupy the same offices used by the late Dr. E. D. Covington.

MILLER, BURKS IN  
TIE FOR 1ST PLACE

College Pair Win Honors Against  
35 Schools in Invitational  
Debate Tourney.

Competing with 35 colleges and university teams, the negative debating team of Murray State College tied for first place in the invitational Debate Tournament sponsored by Illinois State Normal University at Normal, Ill., January 25, 26, and 27.

Marion Burks and James Miller, representing the negative, achieved a record not equaled by any other negative team and equalled by only two in the tournament.

Cecil Gentry and Virgil Mitchell, freshmen, in their first collegiate encounters, made a fair showing, by winning three and losing five matches. The question debated was: Resolved that the present powers of the president of United States should be made permanent.

The debate coach is Prof. L. J. Horton. Since Mr. Horton was unable to attend on account of final examinations and the illness of his mother-in-law, he commissioned Clay Copeland, former varsity debater, to act as assistant coach and manager. Mr. Copeland acted as expert judge of debates in which Murray was not a participant. At the banquet, he was one of the principal speakers.

Teams were entered in the tournament from Missouri, Michigan, Wisconsin, Iowa, Illinois, Indiana, and Kentucky. Murray was the only entrant from the South.

Mr. Burks, president of the junior class, and James Miller, sophomore, won five of the eight debates. Mr. Burks, present captain, has never lost a regular season debate and has clashed with three foreign teams without a loss. Mr. Miller has achieved an outstanding record as a high school debater, is rapidly making progress in forensic endeavor. He is the son of Mr. and Mrs. J. R. Miller, Hazel.

Grover Wood James and James Distler are in charge of the Murray troop.

Finis Lee Cannon, well known and popular young orchestra leader, underwent a successful operation for the removal of his tonsils at the Mason Memorial Hospital last week.

### COLLEGE WILL SHOW INCREASE THIS SEMESTER

New Low Rates Still in Effect  
at West Kentucky's  
Only College

1,000 MARK EXPECTED  
TO BE EASILY REACHED

A decided increase in the enrollment over that of the past semester was evidenced at Murray State College, January 29. Including the registration at the Training School, indications were that the 1000-mark would be reached at the conclusion of this period of enrollment.

Classwork opened Tuesday morning, January 30. The last date on which to enroll for maximum credit for the 18 weeks is February 5. Limited credit may be obtained with registration as late as February 30.

The 18-week semester is divided into two terms of nine weeks each. Registration for the second nine weeks opens on April 2, with classwork opening on the following day.

Abnormally cold weather prevailed Monday, January 29, and this factor possibly prevented a large number from entering on that date. However, with the books open for several more days, officials here expect the total number to exceed their expectations.

Murray State College is the only four-year standard senior college in Western Kentucky. It is fully accredited by the American Association, the Southern Association, and the Kentucky Association of Colleges and Universities.

Courses are offered leading to the certification of teachers as well as to the granting of degrees of baccalaureate ranking. Officials have anticipated that the number of students entering on the first few days of this semester would be given special consideration and opportunity for enrollment when they arrived on the campus.

The last series of effective last semester have been kept for the spring term by order of the regents.

MRS. LULA BENEDICT  
BURIED AT CLINTON

Mrs. Lula Brooks Benedict, 47 years of age, was buried at Clinton Tuesday afternoon following funeral services at the Methodist church there. The Rev. Farford was in charge of the services.

The order is good for 35 cents at the store selected and will be honored by the merchant at full face value, just exactly as that amount in cash. The order does not have to be spent the day it is issued but it is good for 30 days from date.

### REDUCTION IN LEAF CROP IS BEING TALKED

Speakers Began Monday  
and Will Continue Until  
February 9

BASE PERIOD IS  
EXPLAINED BY AGENT

The reduction in the tobacco crop for Calloway is being talked through a series of meetings arranged at the various school houses and centers throughout the county. The speakers began Monday and will continue through February 9. The speakers are being held through arrangements made by John Bondurant, county agent, M. O. Wraether, chairman of the sub-committee, Leslie Elms, chairman and the county agriculture teachers.

Mr. Bondurant in explaining the base period stated that a reduction of 25 per cent was desired to meet the consumption requirements. This reduction applies to acres set. Any farmer that owns or controls land that has grown tobacco in 1931, 1932 or 1933 can sign a contract since the contract runs with the land.

The farmer has five means of securing the base period from which he can make his reduction. Using the average of the 1931-1933 crop will fit the needs of most Calloway farmers. For instance by this method if a farmer grew 3600 pounds on five acres in 1932 and 2400 pounds on 3 acres in 1933 he would add the sums giving him 6000 pounds on 3 acres for the two years. In dividing by two the farmer can get the base average of 3000 pounds on 4 acres. A 25 per cent reduction on this would be a reduction of 1 acre and 750 pounds and the farmer would be able to grow 2250 pounds and set 3 acres.

The speakers at the various scheduled meetings are explaining the base periods and the benefit payments to the farmer for the land withheld from cultivation for tobacco.

The signing of contracts will start at the courthouses Thursday, February 8. Growers should bring "work sheets" with them already filled out to facilitate the signing of contracts. These should be mailed out the last of this week or the very first thing next week and will be in the hands of farmers in time to fill out prior to Thursday.

Speaking dates:  
Monday, February 5, 1:30 P. M.: Steelville, 7 P. M.: Malory, McClintock, New Providence, Paicetown, Paschal, Pleasant Grove, Rosin Ridge, Stone.

Tuesday, February 6, 1:30 P. M.: Wyate, 7 P. M.: Spring Creek, Shiloh, Utterback, Shady Hill, Thompson, White Oak, Waters, Woodlawn.

Wednesday, February 7, 7 P. M.: Almo, Hazen, Kirske, Lynn Grove, Pleasant Valley, New Concord.

Thursday, February 8, 7 P. M.: Russell Chapel.

A total of 1,745 persons attended the Jefferson county 4-H club achievement day program.

IMMENSE THROG  
AT KEYS FUNERAL

Hundreds Turned Away from  
First Baptist Church at  
Rites Friday

Hundreds of persons were turned away for lack of room at the large auditorium and balcony of the First Baptist Church were filled to the utmost Friday afternoon for the last rites on earth for Dr. Ben B. Keys, Murray physician, educator, political leader, outstanding citizen in community life. Dr. Keys died suddenly and unexpectedly last Thursday morning, about two o'clock, of a heart attack, at the clinic-hospital which bears his name.

Many persons declared that the funeral was the largest attended in the history of the city. More than two hours before the time set for the service, 2:30 o'clock, sorrowing friends and admirers began to gather in the auditorium. More than thirty minutes before the arrival of the funeral cortege every available inch of space in the church auditorium was filled to utmost capacity. Literally hundreds of persons were obliged to forego attendance even after the halls and portico had been filled by those standing, as well as the aisles inside.

Physicians from all sections of Kentucky and Western Tennessee attended the services as did many educators, political leaders, bankers and other outstanding citizens.

Eloquent tribute was paid to the life and works of Dr. Keys by his pastor, the Rev. E. B. Motley, pastor of the First Christian church, of which Dr. Keys was a member of the board of deacons. Rev. Motley was assisted in the service by the Rev. J. E. Skinner, pastor of the First Baptist church.

The physicians and dentists of Murray were the honorary pallbearers and the active pallbearers were the following warm friends and business associates of Dr. Keys: Dr. W. H. Graves, Dr. E. B. Houston, Dr. L. D. Hale, Dr. C. H. Jones, Dr. M. D. Grubbs, Dr. H. I. Hughes, Hardin, May, Vernon Pace, Paducah, Dr. A. T. McCormick, Louisville, Dr. H. M. McElrath, Dr. B. F. Berry, Dr. Finney Crawford, Dr. O. B. Evans, Dr. Robert Overby, Paducah, Dr. E. Z. Barber, Princeton, Dr. Ray Pryor, Mayfield, Dr. H. H. Hunt, Mayfield, Dr. A. Stevens, Mayfield, Dr. A. Y. Covington, Princeton, Dr. Linn Boyd, Paducah, Dr. P. F. Blackberry, Louisville, Dr. Harry Abell, Paducah, Dr. H. G. Reynolds, Paducah, Dr. L. L. Washburn, Benton, Dr. Morrison and Dr. Prather, both of Hickman, Dr. Page, Barlow.

The number and beauty of the floral offerings were mute but eloquent testimonials of the esteem in which Dr. Keys was held by his large circle of friends and associates in all walks of life.

After the services, the remains were laid to rest in the Murray city cemetery.

Harry Sledd Again  
CMTC Chairman Here

Harry Sledd has been appointed C. M. T. C. chairman for Calloway county for the sixth consecutive year. During this time, Mr. Sledd has been instrumental in securing military training for twenty-seven Calloway county youths.

Youths wishing to enroll for the C. M. T. C. and who are physically qualified and within the age limit are asked to see Mr. Sledd at once for particulars.

District Appealed  
to President Roosevelt

Mayfield, Ky., Jan. 30.—Urging construction of a power dam at Aurora, on the Tennessee River, to relieve unemployment in six States as well as provide cheaper power rates, J. A. Olive, Mayfield, assistant secretary-treasurer of the Lower Tennessee Valley Association, today sent an appeal to President Roosevelt.

The message said: "In considering the Aurora Dam as a development project of the Tennessee Valley with Dr. A. E. Morgan today, let us respectfully call your attention that, although the Authority is favorable to the construction of Aurora Dam as a future possibility, immediate construction would solve the unemployment situation in this particular area and that is needed now rather than in the future."

In building Aurora Dam, it is Kentucky's only opportunity to share in the Tennessee Valley Authority development programme and the effect of cheaper power will be felt by 1,500,000 people within a 100-mile radius of Aurora, covering parts of six states."

The officials named, Browning, said, were Secretary Morgenthau of the treasury, Budget Director Louis Douglas, Secretary James C. Watson, Secretary of Agriculture, and Harry L. Hopkins, Civil Works Administrator.

Browning said he regarded approval of the three new projects as a direct outgrowth of a conference between Dr. Morgan and a Congressional group yesterday, at which the chairman of the Authority was urged to do everything possible to start work at the Aurora site in the near future.

The Tennessee Representative said Dr. Morgan's announcement was greeted with enthusiasm by other members of the group which attended the conference, including Senator McKellar (D., Tenn.), and Representatives Gregory (D., Ky.), and Cooper (D., Tenn.).

"We believe," Browning said, that the President's not to these officials, while not mandatory, means that everything possible will be done to get work started on the three projects in the near future."

### HERE'S A REAL BARGAIN!

The coming year will be one of the most important in our history, particularly for the people living in rural sections. Billions of dollars will be spent to return the country to prosperity, and much of this money will be spent for farm relief. It is very important that rural readers keep continually informed of developments, and they can do so only by reading a metropolitan daily newspaper such as one of these which are now being offered at a sensational low price.

### Beale Motor Co. Says--

"If you want your money to go 30% farther, here's my advice--"

"Break in new tires at this time because cool roads toughen rubber--cold-cure it. Thus tires put on now will run about 30% farther than the same tires started off new on hot summer roads. That means you get 30% more mileage plus immediate non-skid safety. At today's low prices, isn't that worth thinking about?"

## Bardwell News Attacks Elizabethtown Paper's Proposal to Choke Colleges

Several months ago The News sounded a warning that there is a movement on foot to abolish the Murray State school, basing prediction upon a resolution that was introduced at the 1932 session of the general assembly to do away with the institution named. The author of the resolution entertained no idea that the resolution would be adopted at that session, but the foundation was thus established for further consideration of the abolishment of the school. That this is true is proven by an editorial in the Elizabethtown News, a part of which is reproduced below:

There are many good things that people must do without when they haven't the money to pay for them. This is equally true of the State. The operation of two normal schools out of four could be cut out for two years.

Then what? If Murray school could be discontinued for even two years it is quite evident that the general assembly would never again revive it. It is simply a plan to rob West Kentucky of a school maintained by the State and nothing was ever more unfair. Backing up the statement of the Elizabethtown News, the Courier-Journal in the same connection says:

The State certainly is not obliged, by any stretch of the imagination to support four colleges in addition to the

Camp Murray Wins Over All-Stars 31-15

Camp Murray defeated Elder's All-Stars Friday night 31-15 in a peculiar game in which the starting All-star lineup made only 2 points, Jenkins making two charity throws. Camp Murray held a lead throughout, but scored only two points during the second half. The game by quarters was: first, 16-2; second, 29-10; third, 29-11.

Lineups:  
Camp Murray: 15

## Dr. Ben Keys

It is difficult to give an adequate appraisal of the career of Dr. Ben Keys in this community. To say the very least, no man will be more missed in the varied activities of this county and community than the genial physician who took such a whole-hearted interest in everything that touched the lives of the people in any particular.

Most men avoid responsibility and community burdens. Dr. Keys not only welcomed them but in many instances sought them. It was natural for him to assume leadership in any enterprise and his interests spread over everything included in the wide field from religion to politics.

Dr. Keys was a born leader. It was one of the strongest attributes of his inheritance for he came from a stock that was not content to follow but to lead, to clear the way rather than to clean from the paths broken by others. This characteristic naturally, we say frankly, brought him enemies. Yet he fought these enemies openly. Dr. Keys was not one to bear his grievances secretly and retaliate under cover. He met all issues above the board. He struck hard but he always struck cleanly.

To his circle of close friends he was loyal and generous to a fault. His dearest associates loved him as a brother and toward them he was always magnanimous and intensely devoted. He so won them that they were pleased at the opportunity to gratify his merest whim. The

ability to win such loyalty and devotion in others is indeed a rare quality.

Dr. Keys' influence and intimate friendships extended far beyond the boundaries of Calloway county. He was influential in the district and state and numbered among his friends the outstanding men of the state in the medical profession, politics and education. His counsel was sought in many and varied matters. He was among the first to be consulted on any community problems and his decision was always prompt, accurate and positive.

After all, the number that gathers to pay the last tributes of respect to a man is a pretty definite indication of his importance and the area of his sphere of influence. The immense throng that attended those services here last Friday afternoon would have removed all doubt from the mind of anyone. No man will be missed more in the life of this community than Benjamin Putler Keys. May he rest in peace.

## Graduated Tobacco Tax Would Help the Farmer

In another column of this edition of The Ledger & Times a news dispatch from Frankfort concerning a charge against the American Tobacco Co. by Senator James Breathitt, whom many Calloway county people know as the vigorous and capable state senator from Chris-

tian county and former Lieutenant-Governor of Kentucky. Calloway county farmers sell little or no tobacco to the American Tobacco Company or any of the "big four" tobacco companies. However, they are intensely interested in the proposed graduated tax on cigarettes because Calloway county farmers do produce some quantity of tobacco which is used in the manufacture of cigarettes.

Thousands of cigarette smokers in Calloway county, as consumers, are vitally interested in fair play for the producers of the 10-cent cigarettes, who are threatened with ruin unless the graduated cigarette tax is enacted into law.

As it now is, the same tax is paid on a package of 10-cent cigarettes as on a package of 15-cent cigarettes. This is manifestly unfair. As unfair as it would be to tax a \$1,000 farm the same as a \$1,500 farm. Cigarettes, like any other thing, should be taxed in proportion to its value.

Jobs for hundreds of thousands of tobacco factory workers, "living prices" for hundreds of thousands of farmers, fair profits for thousands of wholesale and retail cigarette dealers in twelve tobacco states absolutely depend on substitution of a graduated federal tax for the present flat-rate tax on cigarettes.

Unless the graduated tax on cigarettes is adopted, manufacture of the 10-cent cigarette is likely to stop very soon. And when the manufacture of this price cigarette will be obliged to turn to other forms of smoking, for they cannot, under present conditions, afford to smoke the 15-cent brands. The latter have advanced in price from 2 for 15¢ to 15¢ straight.

Thus the government will lose millions of dollars in revenue and a lower consumption of cigarette tobacco will mean less production and lower prices with a consequent material reduction in income for the farmer.

The Ledger & Times speaks from an entirely disinterested viewpoint for it carries no advertising schedules of any brand of cigarette, either 10-cent or 15-cent, and, of course, owns no stock in any company manufacturing cigarettes.

We stand for the graduated tax because it is eminently fair to the farmer, the manufacturer and the consumer, because it will increase the consumption of tobacco and raise the sadly depleted income of the American tobacco farmer.

## Letters to Editor

DR. J. R. WRATHEN WRITES FROM TEXAS

Dear Editor: I have just been apprized of the death of Dr. Ben Keys. I am profoundly shocked. He was my friend. The family, his friends and the whole county will miss him. He was a friend of the common class. His life has been one of service. He has served well and always with a willingness and even to the detriment to his own physical self. The medical profession will miss him. He stood for high ideals, honest, organized medicine in every phase.

Sanus Agrosque Sanas Agrosque the sick and care for the well. The term above is applicable. His life has been spent for the betterment of humanity. He will leave his foot prints on the sands of time in Calloway County. He was a busy life. He will be missed greatly and to his family and all his host of friends I beg to be numbered as one who mourns the great loss.

I am enclosing \$1.00 subscription for your paper. I feel lonely some without it. I've been a subscriber nearly 40 years. No friends like old friends. I scan the pages which brings back fond memories of my childhood days. If I have accomplished anything or will accomplish anything I attribute it to some wonderful associates and lessons learned in old Calloway County. Some of the noblest characters men who are the salt of the earth and many who have gone on to the great beyond. I'm reminded of the poet who said "Backward turn backward oh time in your flight and make me a child again just for tonight." I would love to go over part of the road again. I want to meet "Old Eagle". God just made one unique individual like him. I love him and his style, sincere honest to the core. \*\*\*\*\*

Also, I am tired and hungry to see Jim Cochran, Hiram Finney, Will Ray, Will Kirkland, Willie Hughes, the Bemans, Sparkmans, and old Joe Moore, Clint Jones, Charles Clark, Ep. Hurt and a hundred others. I yearn to see and meet them one more time. I don't want to make this letter too long and tiresome so I will close.

Respectfully,

## ELLEN, EULA ROBERTS HAVE NARROW ESCAPE

Misses Ellen and Eula Roberts, East of Murray, had a narrow escape Sunday afternoon when their car was struck by the Southbound train at 4 o'clock. The young women drove onto the track at the East Main street crossing unaware of the approaching train. Their machine was knocked several feet and was damaged.

Miss Ellen Roberts received bruises about the head and Miss Eula received a gash near the knee and a laceration of the ear. They are the daughters of Mr. and Mrs. C. C. Roberts.

## Chiropractor Cures Eczema Sufferer After 22 Years

For 22 years I have been a constant sufferer with eczema. For the past 15 years I have had practically no rest from this pernicious skin disease, at times my skin in places would resemble raw beef. It would sting and burn so that I could do nothing but walk the floor and cry.

I would break out then scabs would form on these places, then they would scale off. This process repeated itself over and over. Several different medical doctors treated me, I got some temporary relief but no permanent results.

The first of April, 1933, Dr. W. C. Oakley, chiropractor, took charge of my case. At that time I was covered with scabs and sores from the top of my head to the bottom of my feet, no one but a sufferer from this malady knows how I suffered. In two weeks after Dr. Oakley began to adjust me, I noticed some improvement. It was not long before that stinging and burning left me, I could lay and sleep all night with clawing and scratching. Dr. Oakley continued to adjust me and I kept on improving; now my skin is entirely free from any irritation. I feel that I am now well. Cold nor heat does not cause me to break out now.

I take this opportunity to hand it to Dr. Oakley and thank him for what he has done for me. May I suggest that if you are sick, try a Chiropractor. Think how I suffered for 22 years under medicine—then in 9 months a Chiropractor got me well by adjusting my back.

I am now 46 years old, and hope to spend the rest of my life enjoying good health.

Completes Tests

Dr. J. A. Outland, county health officer, has completed the taking of 1,000 blood smears from 500 persons in the survey being made to determine the prevalence of malaria in this section. The work is being done through the T. V. A. in its work in malaria control. The work is a federal project and specialists at the State Board of Health will study the reports of the survey. The work includes several counties in this section.

The Calloway survey was made at five different points in the county. The blood is taken from the index finger and two tests are made from each person.

## Tigers Have Real

Test Friday Night

The Murray Tigers will have a real test Friday night when they meet the strong Central City netmen. Central City is contender for the state championship and has won 19 consecutive games and will probably be one of the best teams seen in this section this season. They have beaten Hopkinsville and other outstanding teams and this season and the title with Murray will show a comparison with teams of this section as Murray has played most of the Calloway fives, Mayfield, Arlington and Bardwell.

One of the largest net crowds of the season is expected to support the Tigers for this tilt. Attendance at the past few games has showed a marked increase.

Buster Brown, Oldham county farmer, is spreading manure with a regular lime-spreader, using only two tons to the acre.

The cost is a little more than a single help. But your druggist guarantees it, so it costs nothing if it fails to bring you quick relief. Coughs are dangerous signs. For safety's sake, deal with them in the best way known.

## Resolutions in Legislature on Deaths of Drs. Keys, Covington

In the House of Representatives at Frankfort, Thursday afternoon, January 25, in regular session, the following resolution was offered by Representative Waylon Rayburn, of Calloway county. Mr. Rayburn, on a question of "personal privilege" was recognized by the Speaker. The resolution was sent to the Clerk's desk, after which Mr. Rayburn made a touching speech, upon the resolution. He moved its adoption, which motion was seconded by Hon. Garland Cunningham, of Trigg, and Hon. Rudy Ferguson, of Ballard. The resolution was unanimously adopted.

In the Senate, Lieut. Governor A. B. Chandler announced the death of Drs. Keys and Covington, and on motion of Senator Tom Turner the House resolution was adopted.

Thus the memory of these two men, who have done so much for, and have been so useful to the people of Western Kentucky, will be perpetuated, officially, and in the years to come the General Assembly Journals in its historic records will show generations to come the kind of men Kentucky had at the present time.

In the House of Representatives at Frankfort, Thursday afternoon, January 25, in regular session, the following resolution was offered by Representative Waylon Rayburn, of Calloway county. Mr. Rayburn, on a question of "personal privilege" was recognized by the Speaker. The resolution was sent to the Clerk's desk, after which Mr. Rayburn made a touching speech, upon the resolution. He moved its adoption, which motion was seconded by Hon. Garland Cunningham, of Trigg, and Hon. Rudy Ferguson, of Ballard. The resolution was unanimously adopted.

In the Senate, Lieut. Governor A. B. Chandler announced the death of Drs. Keys and Covington, and on motion of Senator Tom Turner the House resolution was adopted.

Thus the memory of these two men, who have done so much for, and have been so useful to the people of Western Kentucky, will be perpetuated, officially, and in the years to come the General Assembly Journals in its historic records will show generations to come the kind of men Kentucky had at the present time.

East of Railroad Murray, Kentucky

There is no extra 2-per cent charge on sales on this floor this season. Tobacco is sold over the association floor just as cheaply as it is over independent floors.

Bring your tobacco and offer it for sale and if price is not satisfactory we will hold it for you for the advance WITHOUT ANY COST. We expect to have this advance within the next few days.

We feel that growers will be well satisfied with the advance, and we believe that, on all grades, the advances will be the most liberal that association members have ever had.

**S. Pleasant Grove**

Cottage prayer meetings lately started in this vicinity are progressing nicely. Mrs. Eston Paschall was leader of a very interesting prayer service at the J. S. Smotherman home last Saturday evening. The quotations of scripture, conducted by Mr. George Colea of Gunter's Flat, were given by 30 of those present. The closing verse for next Saturday evening prayer meeting will be 2 Tim. 2:15.

Mr. and Mrs. Luther Gupton delightfully entertained with a dinner last Sunday for about 20 of their friends from the Sunday School at this place.

The Egworth League held its meeting with Miss Mildred Wraether last Sunday evening.

Several of the young people recently enjoyed a musical at the home of Mr. and Mrs. Luba Brown.

Mr. and Mrs. Webb have moved to the Clark place and Charley Roland and family have moved near Tobacco and Mr. and Mrs. Will Phillips will live at the place vacated by the Rolands.

Mr. and Mrs. Leslie Ellis and son, Herman Kelley, returned Saturday night from a few days visit with their son, Holmes Ellis, who is in school in Lexington and also with their brother, Dr. Clement Ellis and Mrs. Ellis of the same city. While there Mr. Ellis and Charley Williams, of Lynn Grove, attended a tobacco meeting.

Mr. and Mrs. E. Ellis, Mrs. Shannon Ellis, who attended the funeral of their uncle, George Thompson, at Puryear, Sunday afternoon, were accompanied by the writer and her husband. Others from this vicinity to attend were Mr. and Mrs. Bert Moore, and several from Crossland. The funeral was conducted by his pastor, the Rev. Gilbert Smith, Par-

year, and W. P. Fritchard, Murray and Edgar Underwood of Paducah. Mr. Thompson's brother-in-law, Walter Kelley, and son, W. D. Kelly, were the funeral directors. Besides Mr. Thompson's aged widow, he is survived by several children and grandchildren. Uncle George was 83 years of age and had been a Christian and member of Lebanon Methodist church for nearly 70 years and when nearing the close of his earthly journey he told his pastor the way grew brighter.

Several from this vicinity attended the funeral services of Dr. Ben B. Keys at First Baptist Church, Murray, last Friday.

There is much being said about dancing. If parents and others would read "From Ballroom to Hell," written by an ex-dancing master, it might save many from a life of disgrace.

Hardin's Blue Eagles split a double bill at Reidland Friday night, winning the first, 32-21, and losing the second 27-15. The second team game was close from the beginning. In the last quarter Hardin pulled away 21-17, however, since the guards refused to freeze the ball, Reidland soon tied the score and with about three seconds to go they called time out. A technical foul was called on Reidland for too many time outs. Captain Booker made the free throw as the final whistle blew.

The first team game found Hardin with the ball over half the time but they found Reidland's defense strong. However, Reidland's center, scored 15 points and was open practically all the time. Hardin plays Grand Rivers at Gilbertsville next Friday night. The lineup:

Hardin 15 Pos. Reidland 37

The faculty and students met in the auditorium Friday morning and were entertained by the junior class, who presented a one act play. The play, "Deacon Jones' Wife's Ghost," was sponsored by Mr. J. H. Walton. The cast of characters: Deacon Jones, Ralph Goodwin; Dick, Carlisle Lassiter; Juba, negro servant, James Overby.

Honor Roll  
First grade: Emil Dill Burkeen, Mildred Jackson.

Fourth grade: Clara Reeves, Freshmen: Trucille Reiter, Frances Sutter, Kathleen Brown, and Charles Johnson.

Seniors: Keys Keel, Hugh Phillips, Vernon Treathan, Leon Burkeen, Leonard Burkeen.

The closing of the rural schools of this district has added several new students to the roll. A debate has been scheduled with Heath for Tuesday afternoon or night. The Almo debaters, James Overby, Vernon Treathan and Hugh Phillips will take the negative side of the question. Resolved that the United States should adopt the essential features of the British system of radio control and operation.

**CCC Camp Needs Gifts to Beautify the Site**

The commanding officers and men of Camp Murray want your help toward making Camp Murray the most beautiful camp in Kentucky this summer. Lieut. Smith and his boys have ambitious plans for beautifying the camp site this spring and need your co-operation.

Anyone having gifts of shrubs, evergreens, bulbs or seeds that they will donate to the camp are asked to notify the camp. The gifts will be called for at any place the donor will designate.

Mr. Smith asks those who will give these articles to watch for results next summer.

**Steeleville**

After so long I will try to give a few items.  
Health in this vicinity is very good at this time. Don Nix is improving from an attack of bronchial trouble.  
Plant bed burning is the order of the day with the men folks and piecing-quits is the pastime for the ladies.

Some few hens have been set

here.  
Mrs. Monice Osborn has 11 little chicks but if it keeps turning colder they will need some stockings!

Miss Yoma Norsworthy, 12-year-old daughter of Mr. and Mrs. Ed Norsworthy, has completed a quilt containing 2,016 pieces. Can any of the rest of the 13-year-old girls beat that?

Mrs. Amon Adams has in her possession some old papers by the name of The Murray Weekly News, edited by Logan Curd. These papers were printed in 1887 and contain the story of Helen Lake man which many people will remember. In this issue of Feb. 3, 1887, is a piece sent in by Nannie Finley, stating she had completed a quilt top containing 7,323 pieces. This was before her marriage to Joe F. Robertson of Murray Route 7.

Another piece sent in from Illinois read like this, "Mrs. Ark D. Shirley, of Benton, Ill., writes us that she has a quilt containing 8,190 pieces." This being dated March 3, 1887.

Well I don't want to make my letter too long so will close by saying that Mrs. Polly Keys, Mrs. John Keys, brothers and sisters, the Clinic staff, the city of Murray and county at large, have the sympathy of this community in the loss of Dr. Ben B. Keys, also Dr. Corington's death. We will surely miss both.

**Kirksey Kinklets**

Well, I should say that we are having some hog weather at present, and several are killing at this time.

Claude Manning has sold his grist mill and crusher to George Manice.

Walton Riley has sold his stock of groceries and drygoods to his brother, Carlton Riley of Backsburg, and Walton has not decided yet what he will do.

K. Edwards has sold his lot in Kirksey to Luther Riley of near Backsburg.

Mrs. Steve Rhea is some better at this time.

John Rule is very ill and not expected to survive.

Acree Miller's boy is still at a hospital in Louisville and will be there some time yet. He has been ill for over a year.

I wish that our high officials would simplify our hog tax law so the farmers and common people could understand it.

Bryan Staple's little boy is on the sick list with throat trouble. He was carried to a physician last Saturday.

E. Watson has a very sick child at the present.

Mrs. Raymond Perry unimproved at this time. We hope she will soon recover.

We are expecting a snow soon, judging from the looks of the clouds and weather.

**Boy Scout News**

Troops 45, 46 of Murray, Ky. Thursday night, January 25, Scout Master Grover James elected the captains and lieutenants of the safety patrols. The captain of the Murray High School district is James McDaniel and the lieutenant is Harold Gilbert. At the close of the meeting we were told that we all had free passes to the Capitol Theatre for Tuesday night and we wish to thank Mr. Hendricks, manager, for the passes and his cooperation with us.

The service patrol acted as traffic cops at the funeral of our doctor and good helper, Dr. Ben B. Keys. Everyone seemed to think that we did nice work and that it is a great help to the city.

We are planning on entering a contest with the whole district and hope to be able to show the people of Murray the blue ribbon which is first prize.

Harold Gilbert, Scribe.

Card of Thanks

We wish to thank the method of thanking our friends and neighbors who were so kind to us during the illness and death of our beloved companion and mother. To Dr. Hale, we express special gratitude for his untiring and faithful efforts to save the life of our loved one.—P. B. Kirk and Daughter.

## FROM OUR REPRESENTATIVE

Jan. 29, 1931  
Frankfort, Ky.

Editor Ledger & Times:

This is just a few brief statements on the proceedings of the State Legislature to date. Contrary to the opinion of a few, I believe we are moving along nicely with a good rate of speed. It is quite possible for a legislative body to work too fast, for with too much speed there might be passed a lot of bad laws. As most of the work is done by committees anyway, legislation is naturally a slow, deliberative, and long drawn out process, which is as it should be, until a lot of unnecessary and foolish laws get by at the very best. This session of the Legislature how-

ever, broke all records by passing a bill the second week of the session.

To date there have been approximately 375 bills introduced, most of them should not and will not be passed. The daily bill of particular interest for the people of Calloway passed to date is the bill reducing automobile license tax which passed the House last week and passed in the Senate today with only one vote against it. The bill reduces the price of tags about 38 per cent.

The Governor's reorganization measure is expected to be presented to the Legislature this week. This bill, the Educational bill, and the bill reducing tax on real estate are the ones that I am primarily interested in.

As I have said before I shall appreciate hearing from my people on various bills as they come up for passage. I am, Your Representative,  
Waylon Rayburn.

## Murray Consumers Coal &amp; Ice Co. Memorializes DR. BEN B. KEYS

Of the enumerable compensations, there is none greater than the privilege of a man feeding upon the overflowing fruits of another's great life. Out of the shining at all times one sure truth: that man cannot live upon bread alone, but that he who would save his life shall lose it and he that would lose his life shall find it. In our friend, Ben B. Keys, was the full blossom and the ripened fruit of a life well spent in service. Death can destroy the body but life itself is triumphant and there is no death.

Dr. Ben B. Keys and all of the undersigned member of the Board of Directors of the Murray Consumers Coal & Ice Co., except one, were directors of this Company from the date it obtained its charter. We cannot express adequately the affection, respect and admiration we feel toward our departed comrade. In his passing, our loss is great and he leaves a place in our organization and a place in our hearts that cannot be filled. Another can and will fill the position, but the position will be a new position and never the place of our friend.

We are in deep sympathy with the sorrowing family and with friends everywhere.

We record these sentiments, upon the minute books of this Company in memory of a great soul, a great heart and a great life upon the fruits of which our hearts have been gladdened, our souls inspired and our lives enriched.

## Wildcats Split in Four Game Tilt Last Week

Coach Buran Jeffrey's Wildcats of Lynn Grove High, split in a four-game series played last week end. For the first tilt Coach Jeffrey's Varsity and "B" teams defeated Faxon's teams 21-11 and 17-10 respectively. In the second encounter, Kirksey took both honors by scores of: 1st team, 34-28; second team 17-13.

Varsity lineup:  
Faxon: Pos. L. Grove  
H. Walker, 5 F. Cochrane, 5  
Bogard, 5 F. Flint, 9  
Colson, 5 C. Hall, 4  
O. Walker, 6 G. Doors  
Workman, 6 G. Story, 3  
Substitutes: Groves, 2  
Rosen, Lynn Grove; M. Story, Parks, Caldwell.

Referee: Morris. Played at Faxon. Kirksey's Varsity and "B's" won Saturday night at Lynn Grove.

Varsity lineup:  
Kirksey: Pos. L. Grove  
Bazzell, 8 F. Flint, 5  
McCusiston, 7 F. Cochrane, 5  
Watson, 5 C. Hall, 5  
Cunnham, 4 O. Story, 9  
Hanley, 4 G. Doors, 3  
Sub: Kirksey-Copeland 23;  
Dixon, Lynn Grove; Story, Parks, Paschall 3; Page, Caldwell.

The game stayed close all the way through with Lynn Grove threatening in last minutes of play. Lynn Grove collected 12 field goals and Kirksey counted 10, the game being won on foul tosses, with Watson of Kirksey making 7 of his charity throws. Kirksey totaled 14 points via gift route while Lynn Grove was badly out of form on that phase of the game by collecting 4 out of 15 attempts. The game was cleanly played throughout.

Scott, a regular for Lynn Grove, did not see service last week end.

Coach Dewese's men, of Almo High, will meet the Wildcats Friday night on the Lynn Grove

hardwood. In the last tilt between these teams Almo pulled out with a 10-point lead; therefore this game promises to be one of the best of the season.

## Training School Notes

Just after practice teachers were putting a last minute burst of vim in an effort to raise low grades, the cry burst forth from two sectors "Soups On!"

The fifth grade under the direction of Miss Maple invited their practice teachers, Miss Gela Furchess and Miss Estelle Wilson to a party luncheon Thursday, January 23. The party was given by a joint meeting of the two clubs in the fifth grade honoring the children promoted to the sixth grade. A wholesome meal consisting of country sausage, hot home-made rolls, eggs, milk, salads, and caramel cakes for dessert was served. One interesting feature of the party was the preparation of the food by the little girls under the supervision of Miss Maple in the Home Economics room. While the children were cooking, the college photographer took pictures for the special edition of the College News.

Everyone enjoyed it to the utmost.

Miss Old Brook, first grade critic teacher, invited her practice teachers out for dinner, Wednesday, January 21.

There's fun all through life and some of the driest fun comes in the driest of situations. In response to a command "Define tribulation," one pupil answered "One who pays tribute!"

The Training School is not haunted, but it is the spookiest spot on the campus after dark. Imagine seeing the moonlight fall on the still life-like personages in paint in Miss Woodridge's art room—or Wesley Kemper's stuffed snakes—afar off dishes rattling and laughter—moonbeams creeping through the fernery—goldfish making quaint little rippling noises in water that they do.

During the winter months there are enough varieties of flowers at the Training School to make any mother's heart glad. It's a veritable greenhouse.

From the lips of fairest maidens—from the boundless everywhere—comes the eternal words: "Are you there with 'em?"

"What'd you made on?"

For Friday, January 26 the old semester ended, Monday, Jan. 29, a new semester began.

## Miss Marie McConnell Injured in Car Wreck

Miss Marie McConnell received injuries in a car wreck Sunday evening when her car left the highway and turned over near Clarksville, Tenn. Miss McConnell, in company with Tom Bailey, was returning from Lexington, Tenn. when the accident occurred. She received a slight fracture of the back, torn shoulder ligaments and bruises. Miss McConnell is the daughter of Mr. and Mrs. George McConnell and is teaching in the Franklin Junior High School, Paducah.

## Thoroughbreds Win, Lose on Road Trip

Coach Carlisle Cutchin and his Thoroughbred basketball team are on a jaunt through Central Kentucky. Monday night the Buckhorns lost to Berea, one of the leading five of the state, 33 to 25.

Tuesday night they defeated Eastern, 37 to 27.

The Blue and Gold will return the latter part of the week.

## College Freshmen Play Here Saturday

Coach John Miller's freshman net squad will meet David Lipscomb, of Nashville, on the home floor Saturday night. Tuesday night the frosh trimmed Camp Murray 23 to 23 with all players seeing action.

The schedule for the remainder of the season follows:

Feb. 8—David Lipscomb, here.

Feb. 8—Middle Tenn., frosh, here.

Feb. 9—Austin Peay Normal at Clarksville, Tenn.

Feb. 13—Tilghman High at Paducah.

Feb. 15—Western frosh at Bowling Green.

Feb. 20—Paducah Junior College, here.

## A Tribute to Dr. Ben B. Keys

The passing away of Dr. Ben Keys has left a vacant place that cannot easily be filled. Few men have the medical knowledge, and surgical skill combined with the rare personality that Dr. Keys had.

The service he gave to his fellowman, together with his sympathetic heart, his cheerful words and sunny smiles will be a far greater monument to his memory than any piece of marble that can ever be placed at his grave. His entrance into the sick room was like a ray of sunshine that helped to chase away the pain and gloom.

I well remember a conversation I had with Dr. Keys a few years ago, while a patient at the Clinic. He had been on duty from Saturday morning until 12 o'clock Monday with only a very few hours of rest. He came from the operating room and on his way to lunch, he stopped to say a few words to me. Though he did not complain, I could see that his physical strength was almost exhausted. I said to him, "Dr. Keys I cannot understand how you can do this. Dr. Houston and these nurses hold up, working the way you do." Smilingly, he answered, "Well, we are not rushed all the time quite as much as we have been for the past three days and nights, but as we cannot afford two shifts of doctors and nurses, at a time like this, there is only one way out, and that is to carry on." Then he made this remark, "I had spent for a charity hospital than anything else in this world. I would like to have plenty of doctors, nurses and equipment to take care of all suffering people who would come our way; the ones without money the same as those with plenty." Busy as he was, giving his life in service,

## Boaz Gibbs Loses Fine Home in Fire

The commodious farm home of Boaz Gibbs, prominent Calloway county farmer of the Martin's Chapel vicinity was destroyed by fire Monday afternoon about one thirty o'clock.

Soot in a flue became ignited from heavy firing on account of the extreme cold and set the roof on fire. Some of the furniture was saved. Several outbuildings were burned including the smoke house from which the majority of the meat was saved.

The home was of frame construction with eight rooms and was one of the best farm homes in that vicinity. Only a nominal amount of insurance was carried.

The grower who reduces his plantings one-third will receive an income based on at least a \$13.35 season's average price for the entire belt."

Mr. Hutson said that up to that time prices for the entire barley belt had averaged around 11 cents a pound, and that he expected them to advance rather than decline.

He predicted that incomes from tobacco this marketing season would be more than doubled for all types except barley and fire-cured. The increase will probably be around 50 per cent for barley and 60 per cent for fire-cured.

Mr. Hutson addressed a large crowd of tobacco growers on the last day of the convention.

## Cleo Bucy Is Shot Accidentally Jan. 22

Cleo Bucy, of near Hymon, Ky., was accidentally shot thirty Monday, January 22, by Coy Crass with a 25 automatic pistol. Crass had gone to the home of Bucy to trade him the gun and was handling it at the time of the shooting. The bullet entered the leg near the knee and an operation failed to secure the missile. Bucy is being treated at the Clinic-Hospital.

## Aurora Dam Now up to President and Congress

When the Aurora Dam will be built is now resolved down into a very simple equation. It will be built if and when the Congress of the United States appropriates the necessary money for it to be constructed. And, under the existing situation and his control of Congress, the wishes and desires of President Franklin D. Roosevelt seem to be the paramount factor.

The TVA says that it is ready to build Aurora Dam, together with two other dams which it deems necessary to control the river and produce power most abundantly and efficiently. Immediately if Congress will supply the necessary money.

The Ledger & Times firmly believes that if this section of the country will show the President the great and paramount need of Aurora dam, and these supplementary dams, not only as essential factors in the development of the Tennessee valley for the benefit of future generations but also for the relief of unemployment and the immediate realization of these benefits for a sorely pressed population that he may be sufficiently impressed to urge Congress to appropriate the money for the very near future.

The United States plans to spend ten billions of dollars in a public works program. Making the liberal estimate that it will require \$50,000,000 dollars to build Aurora and the other two dams the entire sum is less than one per cent of the entire public works budget as proposed by administration leaders. Surely the great Tennessee Valley and the importance of the great project of the TVA as a practical, working laboratory for the more efficient economic development of the nation is worth one per cent of the public works fund.

The winds of political fortune year quickly and sharply in America. Great as is the power and popularity of our President at the present moment it is entirely possible for sentiment to change so rapidly and so sharply in this nation that the opposing political party may come into power in 1935 or in 1940. It is well known that the Republican party does not have the same attitude toward private power interests as does the current Democratic administration.

If the TVA is not able to complete the development of the

valley under the sympathetic leadership and encouragement of President Roosevelt it is entirely possible that the next administration will repeat the whole business. We repeat that political changes occur rapidly and without warning in America. We venture to suggest to the TVA that if it wants to complete its program for the valley that it strike while the iron is hot even if a sudden expansion of its program does call for a great increase in its activities.

The needs of the country, the importance of this great project, the crying demand for employment, the uncertainty of political power, and the manifold benefits that would accrue from the early completion of the project seem to us to total sufficient grounds for speed and more speed.

The decision is in the hands of our President.

## Dam Club Gets Assoc. Members

The Aurora Dam Club has received 30 additional associate members this week from the T. V. A. drainage project. There is at the present 193 associate members to the Galloway club and the college project is being worked this week and the Dexter project is expected to come in. The regular membership totals 269 with Mrs. Lucille Grogan Jones, being a recent member.

The new associate membership list includes:

Leon Chambers, Carl Lockhart, Dewey Kimbrough, Orr Story, Ernest Underwood, Eugene Shipley, Conale Mills, Guthrie Roberts, Charlie Waters, Cornell Thomas.

Hule Sutter, Prentice McCutcheon, Nace Butterworth, R. W. Cunningham, C. H. Moore, R. R. S. Charlie Johnson, Ed Prince, Joe Rains, Orville Thurman, W. F. McCage.

R. R. Parker, Clarence Adams, C. F. Snow, Barnes Allbright, Clyde Jones, R. R. S. Harmon, Whitcomb, Harry Cunningham, Walford Smith, Winifred James, John Weatherly.

The Piner Homemakers' Club in Kenton county presented a live-at-home program, including canned products, balanced meals, flour sack garments, rugs, hats and other homemaker articles. Twenty-five bushels of an acre above the average yield of potatoes is reported for 2,085 Bell county farmers, out of 3,675 receiving potatoes, fertilizers and supervision.

## Cigarette Tax Graduated According To Different Prices Now Urged As Important Aid to Farmers

Will Congress at its present session substitute a graduated Federal tax on cigarettes for the present tax at a flat amount regardless of selling price?

In other words, will Congress give relief from the present inequitable taxation whereby the lowest priced cigarette—the poor man's smoke—pays the highest rate of tax? It is said that the 10-cent cigarette is the highest taxed article in America.

This question vitally affects the economic welfare of hundreds of thousands of tobacco farmers and tobacco factory workers in twelve southeastern states which grow cigarette tobacco.

It affects the pocketbooks of more than a million wholesale and small retail dealers throughout the country. It directly affects the smoking habits and pocketbooks of the more than twenty million Americans who use cigarettes.

Affects Entire Nation

And indirectly it affects the entire nation in no small degree, because more than \$225,000,000 in Federal Government income is each year derived from the tax on cigarettes.

All of this raises the question of a tax graduated for the different price classes of cigarettes to a place in the front rank of economic importance.

Now about the answer and what it means. If Congress—reported to be friendly to the idea of a graduated tax—discards the present flat tax of 6 cents per package, regardless of selling price, and adopts in its stead a graduated tax, the result will please everybody all the way down the line because it will contribute considerable stimulation to general recovery, especially in the twelve cigarette tobacco states.

If Congress adopts the far-reaching tax now proposed it will help the farmer get a fair price for his tobacco, save consumers hundreds of millions of dollars each year in their smoke bill, and at the same time increase Government cigarette revenues.

Back in 1917 the Government put a flat rate tax of 6 cents a package on cigarettes as a war emergency revenue measure. For sundry reasons that tax has remained.

The Magic Rise

In the boom days of prosperity nobody seemed to notice or object to this tax—except perhaps cigarette manufacturers—and until early in 1932 the sale of cigarettes continued to mount even after the depression set in.

Then the sale, use and manufacture of cigarettes began to drop rapidly. This was unfortunate for China. In 1918 Dr. and Mrs. Beddoe and children were transferred to Wuchow, China. In 1927 he was forced to resign on account of a serious eye trouble and with his wife and two daughters returned to his native city, Dallas, Texas, to make his home. They had a little son to die in China.

Now he says January 9th to take us his work again at Stout Memorial Hospital in Wuchow, China. Mrs. Beddoe and two daughters, Mary Frances and Adeline B., will go to China later in the year.

Mrs. Beddoe was formerly Miss Luella Houston of Murray, where she is loved and admired by a host of friends and relatives.
